

Mission

We believe that quality of life and the health of the environment are interdependent and that an understanding of nature improves the lives of individuals.

We provide educational opportunities and interactive experiences that inspire people to be good stewards of their communities and the world.

“This is an amazing place. The grounds are so beautiful. The hiking trails are fabulous. This is a special place in any season. We love it.”

“The care of the Earth
is our most ancient,
and most worthy,
and most pleasing
responsibility”.

~ Wendell Berry

Education

Environmental Science School Field Trips

Teachers chose
from these topics:

- * Soil, We can't live without It
- * Life Cycles
- * Changing Surfaces
- * Living Things
- * Ohio Native Plants
- * Fossils, Then & Now
- * Energy thru the System

School field trips in 2016
1,758 students
12,908 since 2011

UPSIDE Ohio In-Classroom Outreach Using Plants for Science Instruction & Diverse Education

We help each student to grow his/her own native Ohio plant in the classroom. Students use their plants to perform different plant science activities.

This unique program integrates music, art, literature, and plant science.

372 students in 2016
10,843 students since 2005

Critter Days

Children and adults
LOVE Critter Tuesdays
at Beech Creek Gardens!

Very educational, interactive and fun.

This program would not be possible without
Kristen Beck of Cloverfield Wildlife Rehabilitation
Center and Malone University biology students.

347+ children & adults

Workshops & Presentations

Gardening, bee-keeping, tree & plant ID, basket weaving,
botanical art, guided
nature hikes, plant
science, caring for
wildlife, wreath making,
teas, and many more
were offered.

**1,592 in attendance
last year**

Community Outreach

Community Gardens

We direct two youth-centered community gardens, they
are both mentoring programs for at-risk teenagers.

We also help
to oversee
twelve other
community
gardens in the
greater
Alliance area.

**87 youth
65 seniors
participated**

“Art Gone Wild” Family Expo at the Canton Museum of Art

We participated in this great family event held last
spring. We offered water-color
butterfly art, we took live caterpil-
lars, chrysalis, and butterflies to
teach about life cycles, and we
boosted the Monarch population
by helping children pot-up and
take home their very own milk-
weed plants.

**Over 1,500 people
We gave away 400+
Milkweed plants**

Facility Development

Gravity Glue Memorial Garden

In honor of a local art teacher and beloved community member, Carrie Givens. Carrie loved the gifts of nature. Her family encourages you to honor her by stopping by her memorial garden and create your own masterpiece.

A fun, interactive test of skills combining -

- * Art
- * Physics
- * Nature

Solar Walk

A scale model of the sun and planets. Designed to give you a “sense” of the vastness of our universe, the scale is 14 billion to 1. The walk begins with the Sun near the entrance drive to BC and includes 8 planets, the asteroid belt, and the dwarf planet Pluto. The solar walk extends northward along the drive/trail for 1/4 mile. Designed & installed by local Astro-photographer, Edward Teeters.

Thank you Ed for your priceless donation of endless hours and personal funds!

Wildlife Management Plan

Through assistance from the US Natural Resource Conservation Service, BC has created a 5 year Wildlife Management Plan. As a part of this plan, in 2016 we installed a new “Vernal Pond”. This unique environment provides important habitat for rare plants & animals.

Salamanders love vernal ponds.

Heirloom Flower Garden

This beautiful new garden was created to educate, highlight, and help preserve historic flower varieties.

Pollinators are constant visitors to the new Heirloom Garden.

Storage Buildings

Not glamorous, but extremely needed! One new storage building was finished in March, a 2nd was completed in late November.

Thank You!
Tim Collins, Dean Pugh
Dave Socotch, Larry Zank

Sensory Garden

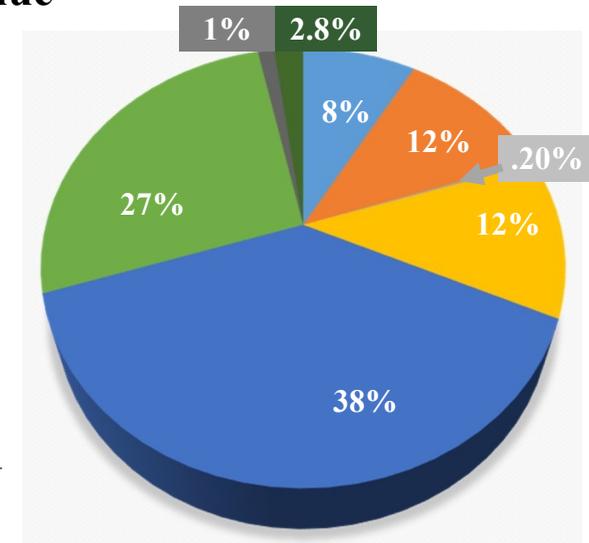

Much needed revamping brought this great sensory experience back to life in 2016! Special thanks goes to the father, daughter team of Darrell & Ashley Rich. They created great new signage, they planted, weeded, fertilized, watered, and trimmed to keep this garden beautiful all season for visitors to experience and enjoy.

Fiscal Activities

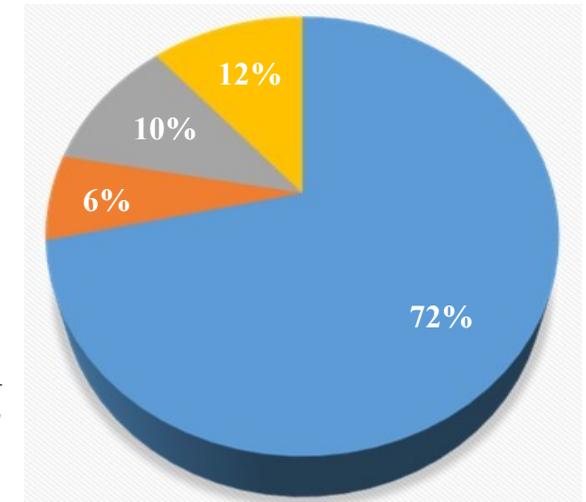

2016 Operating Support & Revenue

Admissions	\$68,842.02	38%
Plant & Gift Shop Sales	\$47,690.02	27%

Total	\$175,300.91	100%

“Loved that there were interesting things for all ages. We had a great time with two moms, three busy kids and an infant in a stroller. We were able to enjoy every aspect of the park together”

~ Emily Ellsworth

“Something new and exciting every time we go there. They have so much to do for all ages from 2 to 99. Great family fun!”

~ Amanda Herbert-White

Events

Educational, Engaging & Fun

Seed Swap 37 adults, 7 children attended.

Garden Fest Over 650 people participated.

A celebration of spring's arrival. Offering families hands-on crafts, educational activities, competitions, guided wildflower hikes, arts & music.

Carnation Days 1,122 children & adults.

Collaborating with the City of Alliance Carnation Festival, BC offers children's hands-on nature crafts and face painting.

Garden Tea 83 ladies relaxed & enjoyed.

An afternoon of calm retreat, special teas, and tasty treats.

Butterfly Release 177 helped & observed.

After observing these beautiful creatures all summer it is time to let them go. The Monarch's will migrate to Mexico, while other native Ohio species find a suitable shelter to hibernate for the long, cold winter.

Ohio Public Gardens Together

11 different public gardens were represented, 72 people.

BC hosted this annual event where public gardens from Ohio & surrounding states gather to share things they have learned. The topic for the day was "Educational Exhibits".

Great Pumpkin Carve 47 people carved.

Families came to carve, paint, and decorate pumpkins!

Spooky Science 2,337 people attended.

Unique, hands-on outdoor education of the environment! Collaborated with 5 different Universities. Excellent event!

Book Discussions 58 people joined in.

Offered intriguing titles, and rich discussions.

Christmas at the Gardens

732 children & adults explored.

Our 2nd year offering holiday activities for families to explore, experience, engage, and enjoy!

Nature Exploration

The beautiful trails at Beech Creek are quiet and peaceful and offer unlimited opportunities for individuals and families to engage with nature. Every season brings something uniquely different to explore. Visitors can enjoy lush woodland, beautiful flowers, wildlife, and streamside resting places.

25,787 children & adults explored our gardens, facilities & trails

Children on a nature scavenger hunt.

"The child in nature is an endangered species, and the health of children and the health of the Earth are inseparable."

~ Richard Louv

Amazing Garden Plant Science Center

This innovative facility integrates literature, math, music, art, and science to help children and adults experience and understand their relationship with plants and the environment.

Visited in 2016 by 17,210 people.

The "Earth Train" garden teaches biodiversity and interdependence.

Summer Adventure Camp

Summer camp participants experience one-on-one time with our nature education specialists. Each day students explore the stream and the woods focused on specific environmental topics. With guided instruction they get to bring back specimens for closer observation & discussion. They learn hands-on arts & crafts skills, and have fun playing outdoor games.

46 boys & girls participated throughout summer

Dissecting owl pellets w/Lead Education Specialist Nancy Baker-Cazan was a blast!

Handfeeding the Chickadees

Offered weekends in January and February. Very cool experience!

1,069 in 2016

Caterpillar Nursery

11,922 people

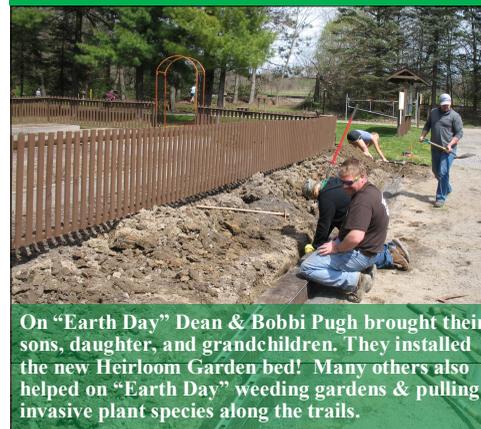

Butterfly House

11,700 people

"Absolutely love this place. my first visit of many to come. Scavenger hunt in the science center was a lot of fun, we had to go around three times to find everything. My 6 year old LOVED having butterflies on her nose. Thanks for an enjoyable family experience."

Volunteers

On "Earth Day" Dean & Bobbi Pugh brought their sons, daughter, and grandchildren. They installed the new Heirloom Garden bed! Many others also helped on "Earth Day" weeding gardens & pulling invasive plant species along the trails.

221 volunteers put in 27,340 hours during 2016

Thank You!

Volunteers help us in so many ways!

- * Butterfly House
- * School Field Trips
- * Caterpillar Nursery
- * Special Events
- * Gardens
- * Animal Care
- * Cleaning
- * Building Maintenance
- * Amazing Garden
- * Nature Store
- * Construction
- * Trails
- * Greenhouse
- * Docents

University of Mount Union students came out to help us multiple times throughout 2016.
